HEMP FEST – STAFF REPORT ON ISSUES TO BE ADDRESSED

Admin. He told the Board that he included a staff report in the packet outlining issues that the proponents should address this part of this event. Event promoter Kenny Lynn explained that they were one gravel load away from a Colorado Department of Transportation (CDOT) access permit, and then he could get an event permit from Mesa County. Kammy McIlwain (Mr. Lynn's partner handed out event promotional material, which lists camping, sponsors, schedule, and ticket information. A copy of Admin. Farrar's report was delivered to the event promoters.) Admin. Farrar reviewed his report with the Trustees and outlined the various areas of concern. Mr. Lynn and Ms. McIlwain said that the (CDOT) had no issue with an entrance/exit to State Highway 330 and they said that Collbran Job Corps has not

responded to their requests for input. Admin. Farrar recommended that they contact them again as the adjoining property owner. Another staff concern was adequate law enforcement including both sworn officers and security personnel. Marshal Appelhanz said he met with Job Corps Director Gov Aker and discussed the event. Mr. Lynn said Asis Security and one other company will work the event, and they are working with the Mesa County Sheriff's Department. Other staff concerns included a lack of adequate parking areas in Town for event attendees. The proponents proposed parking at various Town parks sites. Admin. Farrar mentioned that the Town's parks are not designed for large-scale parking purposes and the available parking was for park users. The parking areas were too small to accommodate large numbers of the event attendees. Further discussion took place about the short timeframe between the event and the Town of Collbran requests from the event promoters. Mayor V. Sturm said that budget time is when this should have been discussed. Admin. Farrar asked if the proponents about other options for the event absent the use of Town facilities for camping and parking. The proponents said the event would still go on. Trustee Evans said he would feel better if the applicants had already secured their Mesa County permit. Mayor V. Sturm recommended that the proponents check with Town Hall staff about reserving the parks. Further discussion took place about camping, parking and other event related concerns. The Trustees did not take any action on the issue.
