

Town Tidbits

Over the past two years, Town Hall Staff has been working diligently to update the Town of Collbran website to create more transparency, as well as make it more user friendly for you - our residents!

The most recent update to our site was the implementation of Municode. The Town has been working with Municode since 2021 to update and codify The Town of Collbran's Municipal Code. The last codification to the Code occurred in 2009, so this project was long overdue!

With Municode's user friendly software, all you have to do is type a key word or phrase into the search bar to locate your desired information. Explore our website and our updated code TODAY!

You will find a ton of helpful information on our website!

townofcollbran.colorado.gov

We are scanning and adding more items all of the time.

As always, if you are having trouble finding the information you seek, give us a call at Town Hall. We are always happy to help!

Did you know???

Flushable wipes **DO NOT** dissolve like toilet paper.

Even if the wipes are marketed as "flushable," they do not quickly deteriorate and are severely clogging sewer systems nationwide.

We kindly ask you to stop flushing "flushable" wipes.
